

CPP Agency Mentorship Program

Glossary

C.A.M.P. Apprentice Site

An agency that is currently being mentored to be a C.A.M.P. Site.

C.A.M.P. Site

An agency that has completed the C.A.M.P. training and is endorsed to continue providing implementation training in CPP to mental health providers within the agency as outlined by the C.A.M.P. model.

C.A.M.P. Mentors

C.A.M.P. Senior Mentor

A member of the CPP Development Team or a Senior CPP Trainer who has been trained to oversee a C.A.M.P. training. (Currently the only C.A.M.P. Senior Mentor is Chandra Ghosh Ippen, but we are looking to expand).

C.A.M.P. Mentor

An endorsed CPP Trainer/C.A.M.P. Trainer who has been trained to mentor others to implement C.A.M.P.

C.A.M.P. Apprentice Mentor

An endorsed CPP Trainer/C.A.M.P. trainer who is being mentored to carry out the C.A.M.P. mentorship process.

Local Mentor

An endorsed CPP Trainer who is not endorsed to mentor others in C.A.M.P, but who can support the agency in implementing some of the core components of C.A.M.P. (e.g. Learning Session 1 and the booster sessions).

C.A.M.P. Agency Apprentice Trainer

A supervisor within a C.A.M.P. Site who has already completed an Implementation-Level CPP Training and is being mentored to conduct CPP training as outlined by the C.A.M.P. model.

C.A.M.P. Agency Trainer

A supervisor within a C.A.M.P. site who has completed the mentorship program and is endorsed to conduct ongoing CPP training as outlined by the C.A.M.P. model.

In general, when a C.A.M.P. Agency Trainer leaves their agency, they may only continue training in CPP if they join another C.A.M.P. site. However, experienced C.A.M.P. Agency Trainers who leave their agency may apply to conduct a C.A.M.P. training in a new agency with ongoing consultation by a C.A.M.P. Mentor..

C.A.M.P. Participant

An agency clinical staff member who is participating in a C.A.M.P. training as a way to learn CPP. Clinical staff who complete the minimum requirements for a C.A.M.P. training will be invited to be on the CPP roster.

C.A.M.P. Supervisor Participant

An agency clinical staff member participating in a C.A.M.P. training who typically has a supervisory role in the agency. The requirements are different for supervisors (reduced case requirement) because they often have greater clinical experience and may not be able to see multiple families given their role in the clinic.

C.A.M.P. Clinician Participant

An agency clinical staff member participating in a C.A.M.P. training whose primary role is typically to provide clinical services. Please note that the C.A.M.P. training is for staff members and not for trainees or those on internship.
